NEWS RELEASE

VISIONAPARTMENTS STRENGTHENS ITS PORTFOLIO
NEW OPENING IN LAUSANNE ST. SULPICE

Zurich, 26 October 2017 - **VISIONAPARTMENTS is expanding further and opens an additional location in Lausanne. The new six-storey building based on a "sharing economy" concept is located in the charming district of St. Sulpice, close to Lake Geneva and the EPFL. In addition to 61 apartments, the building contains shared offices, conference rooms and a fitness centre. At present this is the third location in Lausanne for the market leader in the serviced apartment sector.**

With the opening of the new block at Rue de Vallaire 2, VISIONAPARTMENTS, which has been represented in central locations since 2008, has doubled its presence in Lausanne and further consolidated its position as the market leader in the serviced apartment sector. The 61 residential units in the new "Les Jardins de la Venoge" complex vary in size and – as is typical of VISIONAPARTMENTS – are furnished in a range of high-quality styles. Customers can thus choose between South African flair and Aegean lightness, depending on availability.

The amenities in the building also comprise a wide range of services included in the rental, such as W-LAN, digital TV with international channels, weekly cleaning service and regular refilling of hygiene articles. The laundry room also provides tenants with washing machines and tumble dryers to use free of charge. Further services such as a laundry service or extra cleaning may be used for a fee.

Shared offices, conference rooms and fitness centre

In addition to stylishly furnished apartments, the new location also offers shared offices, conference rooms and a fitness centre. The concept of the "sharing economy" – first introduced by VISIONAPARTMENTS in Militärstrasse in Zurich in 2016 – enhances the range of services and is not just an added bonus for tenants: the premises can also be booked and used by non-residents. "With the mixture of apartments, co-working spaces and the fitness centre, we have created a successful symbiosis of living and working space in Lausanne St. Sulpice", says Anja Graf, CEO & Chairwoman of VISIONAPARTMENTS. "In addition, realising the sharing economy concept is a further step in our efforts to continue with the innovative expansion of our services."
