NEWS RELEASE

VISIONAPARTMENTS TO OPEN NEW CUSTOMER SUPPORT CENTRE IN THE HEART OF ZURICH

Zurich, 1 December 2014 - Those already renting VISIONAPARTMENTS or interested in doing so will soon have an even more central Zurich location where they can take their questions, feedback, and reservation requests: The company is renting the property at Steinmühleplatz 1, directly adjacent to the Jelmoli car park entrance. Its new renting and customer support centre is currently undergoing renovations and is scheduled to open in typical VISIONAPARTMENTS style in spring 2015.

"I've always wanted to offer our services in an even more prominent area, so it's with pride that we're announcing this development as part of our 15-year anniversary campaign," says Anja Graf, CEO of VISIONAPARTMENTS, happily. "With 600 apartments across 13 properties, our portfolio in Zurich alone is so extensive that we'll be able to take advantage of this central location. We're also hoping it will attract many new potential clients and reservations for our other destinations, such as Berlin and Vienna."

Rather than continuing to serve these same purposes, the company's current local office at Birmensdorferstrasse 5 is to be converted to office space for exclusive use by VISIONAPARTMENTS management and employees.
